

Cornwall Reducing Reoffending Strategy 2025-2028 – Our Plan on a Page

To reduce offending; prevent victims; and keep our communities safer

How we will do it:

We will:

- ◆ collaborate with communities
- ◆ involve people with lived experience
- ◆ follow trauma-informed and shame-sensitive approaches
- ◆ focus on prevention and address underlying drivers of harm
- ◆ target our resources to the people and places that need us most
- ◆ work with victims, families of those that offend and the community
