Who we are?

We're an independent charity that gives people the power to speak up and stop crime – 100% anonymously.

We believe everyone has the right to feel safe from crime, wherever they live.

What we do

We run a unique online reporting form and 24/7 telephone service which allows the public to remain 100% anonymous when giving crime information.

How we do it

Whether you call or use our online form we won't ask for any personal details.

We'll ask you questions which could help solve crimes but we don't want to know your name and won't even record whether you're male or female.

Turn to read more about how we keep you completely anonymous.

Staying anonymous on the phone

- We can't see your phone number.
- Your call is never recorded.
- The telephone line is scrambled so it is impossible to redial or track the source of your call.
- The call doesn't show up on your phone bill.

Staying anonymous online

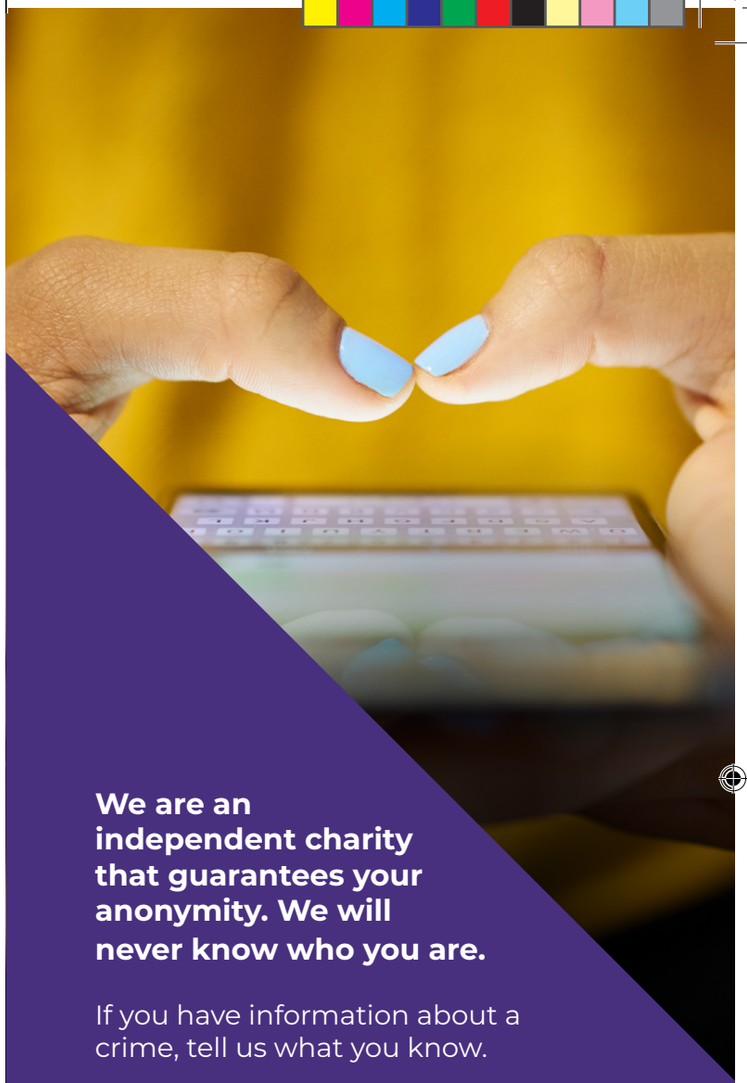

- We don't ask for any personal details.
- Your IP address is scrambled so we won't know what device sent us the information.
- Our form will ask you different questions depending on the crime type you have information on.

Be a Stopper

If you have information about a crime, talk to us 100% anonymously. Simply call our freephone on 0800 555 111 or tell us what you know online at crimestoppers-uk.org.

Does my information really make a difference?

Yes - information from Crimestoppers has saved lives, reunited people with stolen goods, brought peace to grieving families and helped bring people to justice too.

I'm not sure whether my information is useful

If you have the name, address or car registration number of the potential perpetrator of the crime you're off to a good start. We'll ask you further questions to learn more about what you know.

Will you know who I am?

Crimestoppers never knows who you are. Which means we can never tell law enforcement who you are. This means you are 100% anonymous and will never be called to testify.

Benefits of using our service

- Unburden yourself of information about crime without talking to the police.
- You won't be called to testify.
- Keep your community safe by doing the right thing.

"The only thing necessary for the triumph of crime is for good people to do nothing."

You have an opportunity to do something through contacting Crimestoppers.
