Women Supporting Women

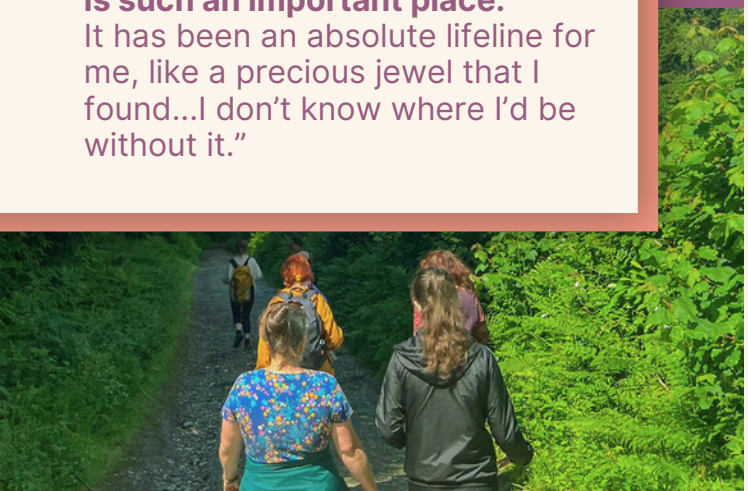

We have supported women and girls living with the impact of sexual and domestic abuse for over 30 years.

Our Centre is based in Bodmin and we offer free information and support through a wide range of projects and services across Cornwall, Devon, Dorset and Eastwood Park Prison.

We believe that with the right support, any woman can have the life they want for themselves.

Our vision is a world in which women and girls are safe, respected and empowered to fulfil their potential free from violence, inequality and oppression.

"The Women's Centre Cornwall is such an important place.
It has been an absolute lifeline for me, like a precious jewel that I found...I don't know where I'd be without it."
