

Safer Camborne and Redruth Delivery Plan 2024-25

The aim of Safer Camborne and Redruth is to **improve community safety and reduce crime and anti-social behaviour** by targeting resources to the people and places that need it most within the geographical area, and working with **communities, partners and the business and voluntary sectors** to develop **sustainable solutions**.

Safer Camborne and Redruth will facilitate and support a multi-agency approach to community safety issues to improve public reassurance, reduce the risk of harm to the community and protect vulnerable groups. Communities will be actively involved in the work of the partnership which will encourage social inclusion and community resourcefulness through being part of the problem-solving process. Achieving safer communities depends upon everyone working together to find local solutions to local problems.

Based on the evidence presented in the Town Profile and feedback from the Residents Survey, the following have been identified as community safety priorities for the town:

1	Anti-Social Behaviour
2	Dangerous Drugs Networks
3	Shoplifting
4	Provision for Young People
5	Domestic Abuse
6	Violence Against Women and Girls (VAWG)
7	Alcohol & Drug-related Harm Reduction and Recovery
8	Community Engagement and Building Community Resilience

These priorities will be addressed through this delivery plan. Progress will be measured through achievement of quarterly and annual milestones over the lifetime of the plan and key deliverables/outcomes will be reported to the Safer Cornwall Partnership.

Key:

Safer Town led
Community led with support
Community led

Priority area: Anti-social Behaviour

Activity	Key Deliverables/Outputs	Progress & Actions	Lead(s)	RAG status
