Newquay Safe Delivery Plan 2019/2020

The aim of Truro Safe is to **improve community safety and reduce crime and anti-social behaviour** by targeting persistent problem places and people within the geographical area and work with **communities, partners and the business and voluntary sectors** to develop **sustainable solutions**.

Newquay Safe will facilitate and support a co-ordinated multi-agency approach to community safety issues to improve public reassurance, reduce the risk of harm to the community and protect vulnerable groups. Communities will be involved in the work of the partnership which will encourage social inclusion and community participation through being part of the problem-solving process. Achieving safer communities depends upon everyone working together to find local solutions to local problems.

Based on the evidence presented in the Newquay Town Profile and feedback from the Residents Survey, the following have been identified as community safety priorities for the Town:

1	Dangerous drug networks/county lines/cuckooing and the associated violence
2	Domestic Abuse & Sexual Violence
3	Shoplifting
4	Night time and evening economy issues
5	Water Safety
6	Community Engagement and Building Community Resilience

These priorities will be addressed through this delivery plan. Progress will be measured through achievement of quarterly and annual milestones over the lifetime of the plan and key deliverables/outcomes will be reported to the Safer Cornwall Partnership.

Newquay Safe Delivery Plan 2019/20
